1) Add new field called Actual Destruction Date (ADEST/D).
    This field would be input on the IPS Retirement Menu.
    There is no need for this field to transfer to the
    ARCINS file, but should display when reviewing a listing
    of a case in IPS.

    (10 spaces required for standard input of Dates)

18. IMPACT IF NOT IMPLEMENTED

Accuracy of the database would be questionable. This date would
be relied upon to determine and specify the actual destruction xxxx
date of a case. If not provided legal action could be taken.
